## ***General Navigation Data Information***

**Issue 1/2018**

**14. February 2018**

### **Postponed: Minimum Enroute Altitude (MEA) on STARs**

The purpose of this document is to forward information about a planned change in the Navigation Data Coding procedures at Lufthansa Systems which will affect all Lido/FMS Navigation Database Users.

#### **Change postponed**

The change announced in General Navigation Data Information Issue 1/2017 to introduce MEAs on STARs in AIRAC 1802 has been postponed to a later cycle in 2018. The new implementation date will be announced as soon as it becomes established.
